No 1783-D 5th-12-27

Requests for reasons given to empower him to transfer officials from the Press office to Stationery Office and vice versa without Govt sanction in the case of officials whose pay does not exceed Rs 50, all other transfers being subject to the sanction of Govt as at present.

Submitted. Kind reference is invited to the correspondence on the subject in G.M. file 126-14 also 11 to 13 put up below. The two offices are two distinct offices with seperate staff and scale. Each office has its own gradation list. If on the occurrence of a vacancy in one office a man from another office is posted or drafted this would lead to supersession &c. It has been noted in the file put up that it is faulty in principle to permit inter office transfers without the sanction of Govt.

This power has not been delegated to the Superintendent till now.

These are independently constituted, they have been under the control of the Same Office for a long time, and will perhaps continue to be so for a long time to come. There seems to be no harm in reserving the Certificate referred to above

SIR,

With reference to Clause (iii) of para 2 of G. O. No: E. 3464-6/P.&.S. 13-23-28, dated the 13th January 1924, directing that appointments or promotions involving transfer of officials from one office to another under the Superintendent must be made only with the previous sanction of Government, I have the honour to state that much inconvenience is felt in actual practice owing to this provision. As the Stationery office is a small establishment with only a few clerks, difficulty is experienced in finding a suitable candidate to fill up any vacancy that may arise and unless qualified and efficient men working in the Press office are drafted for the post, the efficiency of the office cannot be kept up. Similarly, when a vacancy arises in the Press Office, the available candidates in that office may not be up to the mark and it becomes necessary to look for a suitable official in the Stationery Office. Under existing orders, in the case of all appointments however small the pay and even in the case of leave vacancies of short duration, if it is considered desirable to draft an official from the Stationery Office to the Press office to fill up the vacancy, a reference has to be addressed to Government and their sanction obtained before the appointment can be made. This will involve delay and by the time orders are received the vacancy may have itself come to an end and the work of the office will have suffered

for want of necessary acting arrangements and the absence of officials to do duty in place of the men who are on leave.

The nature of work in the Press and the Stationery offices is very closely allied and the experience gained in one office is very useful to officials working in another and a free interchange of officials between the two offices is very desirable. As both offices are located in the same building and are under the control of one and the same officer who has a knowledge of the capacity and qualifications of the clerks working in both offices, I am of opinion that the Superintendent may be trusted to exercise his discretion in ordering the transfer of officials only in those cases where it is absolutely necessary in the interests of work.

I request therefore that Government may be pleased to empower the Superintendent to transfer officials from ~~one~~ Press office / to Stg office & vice versa ~~to another~~ without Government sanction in the case of officials whose pay does not exceed Rs 50/-, all other transfers being subject to the sanction of Government, as at present.

I have the honour to be,

S i r,

Your most obedient servant,

B Cunningham

Superintendent.
